Encl: (1) MK 41 VLS Cell Hatch Certification Program Site Checklist

1. Program Executive Office, Integrated Warfare Systems 3 has established a certification program, reference (a), in order to ensure MK 41 Vertical Launching System (VLS) cell hatch assemblies are being properly inspected and overhauled. The certification program mandates that each cell hatch overhaul site be inspected and annually certified by Naval Surface Warfare Center, Port Hueneme Division (NSWC PHD).

2. In accordance with reference (a), NSWC PHD representative [REDACTED] conducted a site survey on 17 February 2023 at United Precision Corp (UPC), Chatsworth, California to certify their capability to overhaul MK 41 VLS cell hatch assemblies. UPC, Chatsworth, California met the requirements of the facilities, tools and equipment listed in reference (b) and enclosure (1).

3. UPC, Chatsworth, California is hereby certified to perform MK 41 VLS cell hatch overhauls in accordance with reference (b). This certification shall be in effect for 18 months and will expire at the end of August 2024.

4. NSWC PHD point of contact is [REDACTED] E54, phone number: [REDACTED] and email at [REDACTED]
