MEMORANDUM

From: Vertical Launching System and All-Up-Rounds Division Manager, Sensors, Weapons, and Launchers Department
To: Program Manager, United Precision Corp, Washougal, Washington
Subj: CERTIFICATION OF UNITED PRECISION CORP, WASHOUGAL, WASHINGTON AS A MK 41 VERTICAL LAUNCHING SYSTEM CELL HATCH OVERHAUL SITE
Ref: (a) MK 41 Vertical Launching System Cell Hatch Certification Program of 1 Mar 2022
(b) IMS-4810-6692849-0019 REV E ACN-2, MK 41 Vertical Launching System Cell Hatch Overhaul Manual
Encl: (1) MK 41 VLS Cell Hatch Certification Program Personnel Checklist

1. Program Executive Office, Integrated Warfare Systems 3 has established a certification program, reference (a), in order to ensure MK 41 Vertical Launching System (VLS) cell hatch assemblies are being properly inspected and overhauled. The certification program mandates that each cell hatch overhaul site be inspected and annually certified by Naval Surface Warfare Center, Port Hueneme Division (NSWC PHD).
2. In accordance with reference (a), NSWC PHD representative [REDACTED] conducted a site survey on 27 October 2023 at United Precision Corp (UPC), Washougal, Washington to certify their capability to overhaul MK 41 VLS cell hatch assemblies. UPC, Washougal, Washington met the requirements of the facilities, tools and equipment listed in reference (b) and enclosure (1).
3. UPC, Washougal, Washington is hereby certified to perform MK 41 VLS cell hatch overhauls in accordance with reference (b). This certification shall be in effect for 18 months and will expire at the end of April 2025.
4. NSWC PHD point of contact is [REDACTED], phone number: [REDACTED] and email at [REDACTED]
